### HIGHLIGHT OF THE MONTH

#### The First FAM Trip in over a year... MEXICO

Last week, in cooperation with our DMC partner [IM Promociones](#) & Airline partner [AeroMexico](#), we organized the FIRST FAM Trip in over a year and the FIRST in Mexico... As you can imagine, everybody was super excited to travel again and discover the land colors, tastes and culture.

The journey was absolutely unbelievable. The program was perfect, the weather was amazing, the food was delicious, the hospitable population and the vibe of the team was one of a kind. Furthermore, all safety measures and protocols were executed perfectly to ensure the safety of our group and the people around us.

Curious how it is to travel in Mexico during these times? [Follow us on Instagram](#) and check it out!

#### Case Study - Train vs Airplane

More and more people are developing the so-called 'flying shame', and that's not strange if you look at the CO2 emissions that airplanes emit. Fortunately, there are travel alternatives that emit less CO2.

One of those is traveling by train, but how much better is this alternative? To find out, we have done the case study departing from Amsterdam: Train vs Airplane.

Check the case study [here in our newest Blog](#).

### DESTINATION OF THE MONTH

## Finland

The spring is here: snow has started to melt and the days are getting longer and lighter. Our nature is getting ready for a new season, and so are we – we're anxiously looking for the brighter future and for the time, when we can start welcoming our valued guests to [Finland](#) again.

Our valued partner [Elämys DMC](#) has been constantly developing its services and they are here stronger than ever to make sure that your events in Finland will be executed in a professional and safe way. Check out their presentation [here](#).
