

Find your ideal destination with Brussels Airport's interactive map!

Feel like escaping for a while and enjoy the sun and sea or go on a city trip? In the current circumstances it is not always easy to choose from the wide range of destinations within your budget and taking into account the health safety restrictions. To help its (future) passengers in this respect, Brussels Airport has made a very convenient tool available on its website. An interactive map helps you to make a choice out of the 170 destinations served from Brussels Airport. For each destination, Brussels Airport provides detailed information on travel restrictions and mandatory travel documents. The interactive map gives an overview of the possibilities for your budget. For the most popular destinations, the airport also provides travel guides. Direct links allow you to book your flight online. The map and the information provided are constantly updated to constitute a permanent source of inspiration. [Find your perfect destination | Brussels Airport](#)
