## NEWS FROM SLOVENIA

### IT'S A WRAP

*Tourism has the power to change the world. We have the power to change tourism.*

Dear Didier,

2022 has been an exceptional year, filled with exciting experiences and fond memories. It has been a year of top (sporting) events, amazing achievements, adrenaline-filled adventures, new openings and launches, and a year of numerous awards and recognitions. But 2022 has also been a year, which has taught us a lot. It has been a year of change. Especially in tourism. Travel trends and purchasing behaviours of tourists have changed and Slovenian tourism has stepped onto the path of transforming into an even more **sustainable, responsible, inclusive** and **resilient** tourism, which will bring benefits to all: tourists, nature, destinations, locals and employees alike.

Throughout the year, we were thrilled to read your articles, which brought Slovenia to the

**spotlight.** We have compiled a traditional overview of the top articles, which we invite you to check – it might be that your article is included or you might get an idea about your next story about Slovenia.

We wish you a magical holiday season and a happy new year.

From Slovenia with love ...
